

MEMORANDUM

Date: August 9, 2020

To: TLRC Residents, Families, Employees and Board Members

From: R Kevin McFeely, President & CEO

Re: Visitation Update

As outlined in my message to you on Thursday, Governor Inslee has announced the roll out of visitation in long-term care communities. At the time of his announcement, no start date was provided. We have since learned that visits can begin on Wednesday, August 12th. Again, the visits will take place outdoors in stations that will allow our residents and the visitors to maintain the CDC recommended social distancing of six (6) feet.

We are in the process of hiring two additional staff to assist in making the visits go as smoothly as possible. Once this happens, we will expand the visit schedule to seven (7) days per week. Please refer to my memo dated August 6th for visitation protocols and hours.

Please remember the wearing of masks are mandatory. There will be no exceptions to this. All visitors will be screened as we have been doing since the start of COVID-19. Your cooperation with this is greatly appreciated.

To schedule a visit, please call 253.381.5172 or e-mail your request at visits@tacomalutheran.org

We look forward to seeing you back on the TLRC campus!
